<p>提升校務研究專業人力</p>	<ol style="list-style-type: none"> 1.【數位同步學習課程】Python 網路爬蟲實作技術研習班 2. Python 資料分析及機器學習預測實作 3. 國立虎尾科技大學辦理「校務資料知能研習工作坊」 4. 2020 國立交通大學暨陽明大學聯合校務研究成果分享會 5. Python 股票程式交易大師班 	 <p>The '執行成果照片' column contains three screenshots of educational materials:</p> <ul style="list-style-type: none"> The top screenshot is a banner for a 'Python 網路爬蟲實作技術研習班' (Python Network Crawler Practical Technology Workshop) from the Industrial Technology Research Institute. It features the Python logo and several red ladybugs. The middle screenshot is a banner for a 'Python 資料分析及機器學習預測實作' (Python Data Analysis and Machine Learning Prediction Practical) workshop, also from the Industrial Technology Research Institute. It features the Python logo and various icons representing data and machine learning. The bottom screenshot is a webpage for a 'Python 股票程式交易大師班' (Python Stock Program Trading Master Class) from MasterTalks. It includes a title, a subtitle '用 Python API 打造股票點數下單機器人', and details about the course, including the instructor's name (Ray Chung), duration (1 hour 49 minutes), and a registration link.
